

1

Welcome Flow

2-slide onboarding shown to all new users on first launch

These are the first screens a user sees when they open the app. The goal is to introduce Nestly's value proposition before asking for any information.

Welcome Slide 1

SLIDE 1 OF 2

Welcome to Nestly

First impression screen with a real estate building hero image. Tagline reads:

"Nestly is your smart real estate companion, built to support buyers through every stage of journey"

Two pagination dots visible. CTA: **Next**

Welcome Slide 2

SLIDE 2 OF 2

Core Offerings

Lists the 3 key value propositions:

- **Tour** — Stress-free touring experience
- **End to end services** — We're with you every step of the way
- **Incentive program** — Work with a Nestly-preferred agent for special savings

CTA: **Get Started**

2

Property Search

Location selection (required) + Home preferences questionnaire (optional)

Location Selection

REQUIRED

User must select a location before proceeding. This is used to filter all property listings to a specific region. The Next button stays disabled until a location is selected.

Location Selection

STEP 1

Location Entry Screen

Full-screen with building background. Asks:

"Where do you want to live in New York?"

- Location pin icon
- Search field: "Select Location"
- **Next** button (disabled until filled)

Search Autocomplete

STEP 2

Search Modal — Autocomplete

When user taps the search field, a modal opens with live autocomplete results as they type.

- Example: typing "Brook" shows Brooklyn NY, Brooklyn Bridge, Brooklyn Botanic Garden, etc.
- User taps a result to confirm location
- **Cancel** button to dismiss

 Search History

When the user opens the search screen and has previous searches, recent locations are shown before they start typing. Each item can be individually removed or all cleared at once.

 Search History

SEARCH HISTORY

Recent Searches

Shown when the search bar is focused and user has prior searches.

- Clock icon per item
- Location name (e.g. Brooklyn, NY, USA)
- × button to remove individual item
- **Clear all** link (top right, blue)

 Home Preferences Questionnaire **OPTIONAL**

After selecting a location, user is shown 4 optional questions. If the user answers them, the initial property listings will be filtered and ranked based on their preferences. The user can skip through without answering.

 Q1 Beds and Baths

QUESTION 1 OF 4 — HOME PREFERENCES

Beds & Baths

"What is the minimum number of beds and baths you need?"

- **Minimum Beds:** 1BR / 2BR / 3BR / 4+BR
- **Minimum Baths:** 1BA / 2BA / 3BA / 4+BA

Pill-style selectors. CTA: **Next**

 Q2 Home Type

QUESTION 2 OF 4 — HOME PREFERENCES

Home Type

"What type of home are you looking for?"

- Single Family
- Multi Family (2–4 Units)
- Town House
- Condo
- Co-op

Card-style list with icons. CTA: **Next**

 Q3 Budget

QUESTION 3 OF 4 — BUDGET & FINANCING

Budget Range

"What is your budget range?"

Dual-handle range slider showing Min and Max values in dollars.

CTA: **Next**

 Q4 Financing

QUESTION 4 OF 4 — BUDGET & FINANCING

Financing Type

"How will you finance your purchase?"

- All cash
- Mortgage
- Not sure

If select "Mortgage", we should ask them if buyer has a preapproval. If no, ask them if they'd like to get a preapproval letter from our preferred lenders.

CTA: **Submit** — submitting takes user to the home screen with blurred listings

 Home Screen — Guest (Not Logged In)

Do not agree.
You will lose the user

The user is NOT logged in at this stage. Property listings are shown based on the location and questionnaire answers, but **property details are blurred** to encourage sign-up. The user needs to sign in to see full details and request a tour.

 Guest Home Screen

HOME SCREEN —
UNAUTHENTICATED

Blurred Listings

- Top-left: **Sign in** label with guest user ID
- Search bar pre-filled with selected location (e.g. Brooklyn, NY)
- Filter + Location icons on the right
- Sort By: Nearby
- Property cards visible but **address/details are blurred**
- Bottom tab bar: Explore, People, Bookmarks, Deals, Documents

Tapping **Sign in** from the top bar opens the Auth section.

Yes, user needs to sign in to request a tour.
User should be provided with full details (not blurred) even before sign in.

Agreed.

Sign up to be triggered by "Request a tour", "save the listing", etc.

3

Authentication

Sign in for existing users · Sign up flow for new users (account creation only)

Triggered when user taps **Sign in** from the guest home screen top bar. Existing users go straight to login. New users create an account and land on the home screen. Attorney and lender selection has moved to the **Contract stage**.

 Login

RETURNING USER

Sign In

- Nestly logo at top
- Email* field
- Password* field (show/hide toggle)
- Remember Me checkbox
- **Sign in** button (navy)
- Forgot the password? link
- Continue with Facebook / Google

 Signup

NEW USER — STEP 1 OF 2

Sign Up — Account Details

- Email* field
- Password* field
- ToS checkbox: "By signing up you agree to our terms of use"
- **Sign up** button — proceeds to personal details
- Continue with Facebook / Google
- Footer: "Already have an account? **Sign in**"

or

- Footer: "Don't have an account? **Sign up**"

About You

NEW USER — STEP 2 OF 2

About You

- Nestly logo at top
- Title: **"About you"**
- First name* field
- Last name* field
- Phone number* field
- **Submit** button (navy) — completes account creation

After submitting, the user lands on the home screen. Attorney & Lender selection happens later at the **Contract stage**.

Email field.

Home Screen — After Login / Signup

Authenticated Home

HOME SCREEN — AUTHENTICATED

Full Listings Visible

- Greeting: "Hi, Uzair Qaiser" with notification bell
- Search bar with location pre-filled
- Full property details now visible: price, beds, baths, full address, listing agent
- Sort By: Nearby
- User can tap any property to view details and request a tour

Full property details should be available to all users. It is public information anyways.

Sort by "nearby (distance)", "popular (how many people saved the listing)" < "price high to low", "price low to high", "on the market days".

4

Agent Creation & Assignment

Admin creates agents on the web portal, then assigns them to unassigned clients

This is an **admin-only** web portal flow. After a buyer signs up, an admin creates an agent account and assigns it to the client so the agent can manage their tour and offer journey.

Step 1 — Create a New Agent WEB PORTAL

proj-nestly-frontend.vercel.app/admin/agents

Agents List

ADMIN VIEW — AGENTS

Agents List Page

The agents are existing employees at Nestly. All agents' Nestly account is created on the 1st day of their employment. We will not need to create a new agent when there is a buyer inquiry.

Admin navigates to **Agents** in the sidebar. The table shows all existing agents with columns: Name, Email, Phone, Clients Assigned, Actions.

- Search bar to find agents by name
- Pagination with entries-per-page selector
- CTA: **Add Agent** button (top right) — opens the creation modal

proj-nestly-frontend.vercel.app/admin/agents — Add Agent Modal

Add New Agent Modal

ADMIN VIEW — ADD AGENT MODAL

Add New Agent

Modal overlay with the following required fields:

- **First Name***
- **Last Name***
- **Email Address***
- **Password*** (with show/hide toggle)
- **Confirm Password*** (with show/hide toggle)
- **Phone Number***

CTAs: **Create agent** (navy) · **Cancel**

Step 2 — Assign Agent to a Client

WEB PORTAL

After creating an agent, the admin goes to the **Clients** section and opens the **Unassigned** tab to find clients who do not yet have an agent.

proj-nestly-frontend.vercel.app/admin/clients — Unassigned tab

Unassigned Clients

ADMIN VIEW — CLIENTS → UNASSIGNED TAB

Unassigned Clients

The Clients page has two tabs: **Assigned** and **Unassigned**. Admin selects the Unassigned tab to see all clients without an agent. Each row shows: Client name, Email, Phone, Client Tour request, Signup date, and an Actions (⋮) menu.

Admin clicks ⋮ on the target client row and selects **Assign to**.

Clients — Actions Menu

Client Actions Menu

ADMIN VIEW — ACTIONS MENU

Client Row Actions

Clicking the ⋮ icon on a client row reveals three options:

- **Assign to** — opens the agent selection modal
- **Edit** — edit client details
- **Delete** — remove client (shown in red)

Clients — Assign Agent Modal

Assign Agent to Client Modal

Assign Agent to Client

Modal: "Select an agent to assign to this client."

- Search bar: "Search agents by name or email..."
- Agent list — each item shows the agent name with a selection indicator
- Selected agent is highlighted with a blue left border and blue dot

CTAs: **Assign** (navy) · **Cancel**

Once assigned, the client moves from the Unassigned tab to the **Assigned** tab and the agent's "Clients Assigned" count increments.

5

Tour Flow

From property details → tour request → agent confirmation → completing the tour

The transaction bar tracks the property's progress through the deal. It appears on all deal-related screens and shows the current stage at a glance.

Property Details

STEP 1

Property Details

User taps a property on the home screen to open this page.

- Property address + price in header
- **Overview** — full description with "read more"
- **Location** — embedded Google Map
- **Facts & Features** — tabs: Property / Interior / Other (Home Type, Year Built, etc.)
- Bottom CTA: **"Request a tour"** (navy button)

Tour Terms

STEP 2

Tour Terms — Bottom Sheet

A bottom sheet slides up when "Request a tour" is tapped.

- Tour availability subject to agent, seller, property availability
- Request does not guarantee confirmation
- A licensed agent may contact the buyer
- Tour details may change
- Nestly does not represent listed properties unless stated
- Proceeding = agreement to Nestly's Terms & Privacy Policy

User must check **"I agree to the Terms & Conditions"** before Continue is enabled.

Tour Availability

STEP 3A

Your Availabilities — Calendar

Availability Summary

STEP 3B

Your Availabilities — Summary

Time slots should be completely customizable for buyers to fill out.

Tour Submitted

STEP 4

Tour Submitted

Confirmation screen shown after Submit.

"Thank you! We will confirm with your tour schedule shortly"

CTA: **OK** — returns user to home screen. Tour request is now sent to the agent portal.

 Agent Web Portal — Tour Request Received

WEB PORTAL

proj-nestly-frontend.vercel.app/admin/dashboard

Agent Dashboard

AGENT VIEW — DASHBOARD

Tours Requested

The agent's web portal dashboard shows summary stats at the top: **Tour Requested · Tours Scheduled · Tours Completed · Offer Request · In Contract**

Below, in section "01 Tours Requested", the agent sees property cards for all pending tour requests. Each card shows property image, location, price, bed/bath count, and address.

 Agent Confirms Tour

WEB PORTAL

proj-nestly-frontend.vercel.app/property-detail?tourId=...

Agent Confirms Tour

AGENT VIEW — PROPERTY DETAILS

Confirm Tour

Agent opens the property detail page and sees the "Tours Requested" section with all time slots the buyer submitted.

- Each slot shown as a row (e.g. Thu, May 28 2:00PM–3:00PM)
- Agent clicks the preferred slot to select it (highlighted in blue)
- Actions: **Cancel** or **Confirm Tour**

On confirmation, the tour moves to "Tour Scheduled" status and the buyer receives a confirmation email.

Email Client — Tour Confirmed

 Tour Confirmation Email

AUTOMATED EMAIL → BUYER

Tour Confirmed Email

Sent to the buyer automatically after the agent confirms.

- Subject: "Tour Confirmed"
- Greeting + confirmation message
- Confirmed date/time (e.g. May 28, 2026 at 08:00 AM UTC)
- Reminder to arrive on time, contact agent if reschedule needed
- Property Details block: Address, Price, Bedrooms, Bathrooms, property photo

missing "Start Tour",
buyer should be able
to take pictures and
videos during their
tour to help them
memorize the tour
experience for future
reference. All images
and videos are shared
with the agent.

 Complete Tour

After the tour date, the user navigates to the **Deals / Tours** tab in the bottom bar, taps the property, and either the buyer or agent can mark the tour as complete.

 Complete Tour

DEALS / TOURS TAB

Complete Tour Screen

- Transaction bar at top: Tour Requested ✓ → Tour Scheduled ✓ → Tour Completed (active) → Offer Submission
- Blue banner: "Your tour is on Thu May, 28 at 1:00pm."
- Property card (price, beds, baths, address)
- Location map
- CTA: "**Complete Tour**" — can be pressed by buyer or agent

After completing, the buyer is prompted to leave feedback, then the property **moves to the Offer stage**.

 Buyer Feedback & Rating

After the tour is marked complete, the buyer is prompted to leave a response and rate their touring experience. This feedback is recorded against the property and the agent.

POST-TOUR

Leave Feedback & Response

Shown immediately after the tour is marked complete.

- Star rating selector (1–5 stars) for the tour experience
- Text field: written response / comments about the property or agent
- CTA: **Submit** — saves feedback and advances to the Offer stage

- Option to **Skip** if buyer does not wish to leave feedback
- Feedback is visible to the agent on the web portal and tied to the property deal record.

6

Offer Flow

Buyer makes an offer → agent accepts or counters → negotiation loop → offer accepted

Make Offer

STEP 1

Ready to Make an Offer?

After tour is marked complete, this screen is shown.

- Transaction bar: Tour Requested ✓, Tour Scheduled ✓, Tour Completed ✓, Offer Submission (active)
- Banner: "Tour completed. Ready to make an offer?"
- Property summary card
- Location map
- CTA: **"Make an offer"**

Offer Form

STEP 2

Make an Offer — Form

Bottom sheet slides up with:

- Offer price input (numeric)
- Note/message text field
- CTA: **Continue**

Add in the option to request a comps study from Nestly to help buyer make the offer.

Offer Review

STEP 3

Offer Review

Summary card showing:

- Property details (listing price, beds, baths, address)
- "Your offer price" — buyer's entered amount
- "Your Offer" label
- CTA: **"Review price & offer"** → confirms and submits

Offer Submitted

STEP 4

Offer Submitted

All 4 transaction bar stages now active.

Banner: *"Offer submitted – waiting for agent response"*

Property card and map still visible. User waits for agent to respond.

Should there be some offer suggestions from Nestly? Some property analysis / comp. in the area?

Yes.

Agent Web Portal — Offer Received WEB PORTAL

Dashboard — Offers Section

Agent Offers Dashboard

AGENT VIEW — DASHBOARD

Offers Section

Section "04 Offers" on the dashboard shows property cards for all incoming offers. Agent selects a property to review the offer details.

Property Details — Offers

Agent Respond to Offer

AGENT VIEW — PROPERTY DETAILS

Review & Respond to Offer

On the property detail page, under "Offers":

- "Home Inspector Attached" — shows inspector name, company, phone
- "The buyer has sent an offer. Please review and respond below."
- Counter offer price input
- CTA: **Submit** — agent either accepts or submits a counter price

Negotiation Loop

If the agent submits a counter offer, the buyer is notified and can either accept the counter or resubmit a new offer. This loop continues until one party accepts.

Counter Offer Received

NEGOTIATION — STEP 1

Counter Offer Received

Banner updates to: "*Offer received – agent has sent a counter offer*"

CTA: "**View Offer**" — takes user to the offer history screen.

Offer History

NEGOTIATION — STEP 2

Offer History

Shows the full negotiation thread:

- **Counter Offer (date)** — agent's counter price — "Nestly recommended" — "View offer" button
- **Offer rejected (date)** — buyer's original price — "Your Offer"

Buyer can: **Accept the counter** or **resubmit a new offer** (loops back to offer form).

Offer Accepted

Offer Accepted

OFFER FINALIZED

Offer Accepted

Green confirmation card:

- "Offer Accepted ✓"
- Accepted price displayed
- Accepted date
- Property listing price still shown for reference
- CTA: "**View Offer**"

Buyer is next prompted to select a home inspector (if needed), then the property moves to the **Contract stage**.

Select Home Inspector IF NEEDED

After the offer is accepted, the buyer is prompted to select a home inspector to assess the property before proceeding to contract. This step can be skipped if no inspection is required.

 Select Inspector

POST-ACCEPTANCE

Select Home Inspector

Same searchable list UI as attorney/lender selection.

- Julian Vaney ★4.5 (New Jersey)
- Marcus Thorne ★4.3 (NY) — shown selected with blue border
- Tamara Abir ★0.0 (NY)

CTA: **Submit** — confirms inspector selection and advances to the Contract stage.

Inspector details are surfaced to the agent on the web portal under the offer record.

Once offer is accepted, I would assume choosing the home inspector, attorney and lender should be done simultaneously

7

Contract & Closing

Offer accepted → select attorney & lender → contract → mortgage → closing

Once the offer is accepted, the buyer enters the Contract stage. They select their **attorney** (to handle the contract) and their **lender** (for mortgage financing, if applicable), then proceed through contract signing and closing.

 Select Attorney REQUIRED

 Select Attorney

CONTRACT — STEP 1

Select Attorney

Buyer selects a Nestly-network attorney to handle their contract.

- Search bar: "Search Attorney"
- Each card: photo, name, role, location pin, star rating badge, review count
- Example: Marcus Vance ★3.7 · Dr. Alistair Cook ★4.7
- **Next** button (disabled until selection made)

 Select Lender

CONTRACT — STEP 2

Select Lender

Buyer selects a mortgage lender for financing (if applicable).

- Same searchable list UI as attorney selection
- Example: Elena Rodriguez ★4.5, Aris Thorne ★4.5, Pun & Associates, Mike Rochers
- **Next** button proceeds to contract & closing steps

 Dealsheet REQUIRED

After attorney and lender are selected, the agent prepares a dealsheet summarising all agreed terms — price, contingencies, closing date, and parties involved. Both buyer and agent review and sign off before the formal contract is drafted.

CONTRACT — STEP 3

Dealsheet Review

- Summary of agreed offer price, accepted date, contingencies
- Assigned attorney name and lender name shown
- Inspector details (if selected)
- Buyer reviews all terms
- CTA: **Confirm & Proceed** — advances to contract signing

Screens to be finalised.

Contract REQUIRED

The attorney prepares the purchase contract based on the dealsheet. The buyer reviews and signs the contract digitally through the app.

Once it's in the contract stage, buyer's attorney should take over.

CONTRACT — STEP 4

Sign Contract

- Full contract document rendered in-app (PDF viewer)
- Buyer scrolls through and reviews all clauses
- Digital signature field at the bottom
- CTA: **Sign & Submit** — sends signed contract to attorney and agent

Screens to be finalised.

Mortgage Processing IF NEEDED

If the buyer is financing via mortgage, the selected lender is notified and the mortgage application process begins in parallel with the contract stage. Cash buyers skip this step entirely.

CONTRACT — STEP 5 (IF FINANCED)

Mortgage Application

- Lender receives buyer's details and deal summary automatically
- Buyer is notified of mortgage application status in-app
- Status updates: Applied → Under Review → Pre-Approved → Approved
- Buyer may need to upload supporting documents (pay stubs, bank statements)

Screens to be finalised. Once mortgage is approved (or for cash buyers, once contract is signed), the deal advances to **Closing**.

Closing FINAL STEP

The final stage of the deal. All parties have signed the contract and (if applicable) the mortgage is approved. The buyer completes the closing process and receives the keys.

CONTRACT — STEP 6

Closing

- Final walkthrough of the property confirmed
- Closing disclosure reviewed — final costs, fees, credits
- Buyer signs all closing documents digitally
- Funds transferred (down payment + closing costs)
- Title transferred and deed recorded
- CTA: **Complete Closing** — marks the deal as fully closed

Transaction bar completes all stages: Tour ✓ → Offer ✓ → Contract ✓ → **Closing ✓**

Buyer receives a congratulatory confirmation and the property is marked as **Sold** in their account.
